Office of the General Counsel
Federal Election Commission

Re: MUR 6153

Dear Mr. Jordan:

The undersigned represents the New Mexico Democratic Legislative Campaign Committee ("NMDLCC"). By this letter, the committee responds to a complaint filed by Whitney W. Cheshire, Executive Director of The Republican Party of New Mexico. In her complaint, Ms. Cheshire alleges that the NMDLCC sent a mailing to voters "on or about October 24, 2008 advocating the election of Barack Obama for President and Ben Rodefer for State Representative." The complaint alleges that the NMDLCC has spent non-federal funds in promoting a federal candidate. A copy of the mailing is attached as Exhibit A.

The committee acknowledges that the mailing was undertaken primarily on behalf of Ben Rodefer, but based upon the amount of funds spent, as well as the amount of funds raised from permissible sources by the NMDLCC, the NMDLCC was not required to file any disclosure statement with the Commission and the federal portion of the mailing was paid for entirely with federally permissible funds.

Specifically, the NMDLCC spent a total of \$3,003.64 on the mailing, including design, printing and postage. The mailing was sent to 6048 households. The mailing consists of two panels. First, the mailing consists of a panel that is devoted entirely to the express advocacy of the election of Mr. Rodefer and contains endorsements of Mr. Rodefer by various officeholders in New Mexico. Second, the mailing consists of a panel that features pictures of various elected officials in New Mexico for office in the November 2008 elections in New Mexico. The panel also contains a picture of Barack Obama and an exhortation to "Elect Ben Rodefer & Barack Obama."

Legal Analysis

1. Use of Funds

The complaint specifically alleges that the NMDLCC accepts corporate funds, and, therefore, it has violated federal law by using those funds in connection with this mailing. However, a careful review of NMDLCC financial reports demonstrates that the committee had accepted more than sufficient funds from federally permissible sources to pay for the mailing. Therefore, in accordance with 11 C.F.R. § 102.5(b), the NMDLCC can demonstrate, through a reasonable accounting method, that the amounts used to pay for the mailing were, in fact, paid for with permissible funds. A copy of the NMDLCC's Pre-General election report is attached to this response as Exhibit B to demonstrate that the majority of funds received by the committee during this period were from individuals, Indian tribes and other state legislative candidates. It is the committee's understanding that each of these candidates could also demonstrate that funds contributed to the NMDLCC were from permissible sources.

Accordingly, the payment for the mailing in this matter was paid for exclusively from permissible sources.

2. Registration and Reporting

A time and Space analysis of the mailing demonstrates that no more than five percent of the mailing would be attributable to Barack Obama. Therefore, the portion of the mailing allocable to federal candidates does not exceed approximately \$150.00. The Federal Election Campaign Act ("the Act") requires an organization to register as a political committee if it makes \$1,000 in contributions or expenditures in connection with a federal election in a calendar year. 2 U.S.C. § 431(4)(A). If the committee does not reach this threshold, it may make expenditures in connection with a federal election so long as those expenditures are made from funds that are permissible under the Act. 11 C.F.R. § 102.5(b).

Based upon the above, the committee did not reach the \$1,000 political committee threshold. To be sure, the advertisements referenced in the complaint were the only expenditures made by the NMDLCC during the 2008 calendar year. Thus, the federal portion of these advertisements was less than \$1,000. Consequently, the JCDP did not trigger political committee status in 2008. Furthermore, since the portion of the advertisement allocable to Barack Obama did not exceed \$250, the NMDLCC was not required to file a Form 5 with the Commission which is required for independent expenditures that exceed \$250. 2 U.S.C. § 434(c).¹

¹ It should also be noted that the activity alleged in this complaint would qualify as a "federal election activity" since it "promoted" a federal candidate through a public communication and was sent via direct mail to more than 500 persons. 11 C.F.R. § 100.24. However, since NMDLCC did not qualify as a political committee, it was not subject to the reporting requirements of the Act for federal election

3. Disclaimers

Although the mailing properly acknowledged that it was paid for by the NMDLCC, the NMDLCC admits that the advertisement does not fully comply with the Commission's regulations that require all public communications that expressly advocate the election of a federal candidate to comply with the Commission's regulations since it did not state whether it was authorized by a federal candidate nor was the disclaimer in a printed box. 11 C.F.R. § 110.11(a)(2). The committee has been admonished by its Washington counsel that all future advertising that expressly advocates the election of a federal candidate in its public communications must comply with federal disclaimer requirements. Any such mailings undertaken in the future by the NMDLCC will comply with the Commission's disclaimer requirements.

Based upon the small amounts spent on the advertisements, the Commission should use its prosecutorial discretion and dismiss the complaint. See MUR 5892. In the alternative, the Commission should refer this matter to its Alternative Dispute Resolution Division for disposition.

If you have any questions or concerns, please call me at (202) 479-1111.

Sincerely,
